

Proposal template Post Doc -NESSC 2022

*The proposal is limited to **2 pages**: 1 page for the proposed research and 1 page for the CV of the applicant. The duration of the project is for a maximum of 18 months starting not later than Q1 2023. The Budget is fixed to 18 months' salary plus 30k€ for material/travel including fieldwork and publication costs.*

*Please start the description of the CV on a new page. Deadline for application is **30 of June 2022**. Please send your application to info@nessc.nl*

Title:

Description of proposed research use max 1 A4 (including references) considering:

- Research theme of NESSC to which will be contributed and added value.
- Identify PI that will serve as host.
- Research topic, novelty, importance.

Please note that applicants that are or have been NESSC participants cannot continue with or return to the same PI and should clearly articulate how their research differs from that executed before within NESSC, and how it will be linked to the research of the new PI.

We advise you to contact the theme leaders (or any other PI) in advance to discuss your ideas.

- Theme 1: Greenhouse gas sources and sinks (lead scientists: Caroline Slomp, Mike Jetten)
- Theme 2 Land-ocean transfer (lead scientists: Jorien Vonk, Francien Peterse)
- Theme 3 Ocean carbonate system dynamics (lead scientists: Gert-Jan Reichart, Jack Middelburg)
- Theme 4 Climate dynamics (lead scientists: Anna von der Heydt, Appy Sluijs)
- Theme 5 Tipping points and early warning (lead scientists: Marten Scheffer, Lucas Lourens)

Applicant

- Name (titles, initials, first name, last name):
